UnitedHealthcare® MEDICARERx FOR GROUPS (PDP)

Your employer group or plan sponsor has selected a UnitedHealthcare® MedicareRx for Groups (PDP) plan for your prescription drug coverage. The word “Group” means that this is a plan designed just for employer groups or plan sponsors, like yours. Only eligible retirees of your employer group or plan sponsor can enroll in this plan. This plan is also known as a Medicare Part D plan.

Original Medicare (Parts A and B) helps pay for some of the costs of hospital stays and doctor visits, but it doesn’t cover prescription drugs. Medicare Part D plans help with prescription drugs costs. You can get Part D coverage through a private insurance company, like UnitedHealthcare.

The UnitedHealthcare® MedicareRx for Groups (PDP) plan could help you save time and money when it comes to your prescription drugs.

When to enroll in a Medicare Part D plan:

- **You turn 65 or become Medicare eligible.** This is your Initial Enrollment Period. It’s your first chance to enroll in Medicare Part D.
- **You need a Medicare Part D plan but never had one before.** Or, you want to change to a different group-sponsored plan. Enroll during your employer group or plan sponsor’s annual Open Enrollment Period.
- **You retire and move out of a different group-sponsored plan.** Or, you move out of the plan’s service area. These are examples of Special Election Periods and may happen for various reasons.

Make sure you are signed up for Medicare.

You must be entitled to Medicare Part A or enrolled in Medicare Part B to be eligible to enroll in this plan.

- If you’re not sure if you are enrolled, check with your local Social Security office
- If you are enrolled in Part B, you need to continue to pay your Part B monthly premium to Social Security to keep your Part B coverage. If you stop paying your Medicare Part B premium, you will be disenrolled from Medicare Part B and this could affect your medical coverage

One drug plan at a time.

This plan is a Medicare Part D prescription drug plan. You can only have prescription drug coverage under one plan at a time. If you enroll in another stand-alone Medicare Part D plan or a medical plan that includes prescription drug coverage, you may be disenrolled from this plan.

Remember: If you drop your group-sponsored retiree health coverage, you may not be able to re-enroll. Limitations and restrictions vary by employer group or plan sponsor.

Plan BASICS

How your prescription drug coverage works.

Your Medicare Part D prescription drug coverage includes thousands of brand name and generic prescription drugs. To check if your drugs are covered, please review your plan's drug list.

How it works.

What pharmacies can I use?

You can choose from over 67,000 pharmacies across the United States including national chain, regional and independent local retail pharmacies.

What is a drug cost tier?

Drugs are divided into different cost levels or tiers. In general, the higher the tier, the higher the cost of the drug.

What will I pay for my prescription drugs?

What you pay will depend on the coverage your employer group or plan sponsor has arranged. Your exact cost may depend on what drug cost tier your prescription belongs to. Your cost may also change during the year based on the total cost of the drugs you have taken.¹

Do I need to keep paying my Part B monthly premium?

If you are enrolled in Part B, you need to continue to pay your Part B monthly premium to Social Security to keep your Part B coverage. If you stop paying your Medicare Part B premium, you will be disenrolled from Medicare Part B and this could affect your medical coverage.

Can I have more than one prescription drug plan?

No. Medicare only allows you to have one Medicare prescription drug plan at a time. If you enroll in another Medicare prescription drug plan OR a Medicare Advantage plan that includes prescription drug coverage, you may be disenrolled from this plan.

¹To learn more about your coverage, please refer to your Benefit Highlights or your Summary of Benefits.

Plan BASICS

What is IRMAA?

The Income-Related Monthly Adjustment Amount (IRMAA) is an amount you may need to pay in addition to your monthly plan premium if your modified adjusted gross income on your IRS tax return from two years ago is above a certain limit. This extra amount is paid directly to Social Security, not to your plan. Social Security will contact you if you have to pay Part D-IRMAA.

What is a Medicare Part D Late Enrollment Penalty (LEP)?

Most people first become eligible for Medicare when they turn 65. This is your Initial Enrollment Period. It's your first chance to enroll in Medicare Part D. If, at any time after you first become eligible for Part D, there's a period of at least 63 days in a row when you don't have Part D or other creditable prescription drug coverage, a Late Enrollment Penalty may apply. Creditable coverage is prescription drug coverage that is at least as good as or better than what Medicare provides. The Late Enrollment Penalty is an amount added to your monthly Medicare premium which you may have to pay. When you become a member, your employer group or plan sponsor will be asked to confirm that you have had continuous Part D plan coverage. If your employer group or plan sponsor asks for information about your prescription drug coverage history, please respond as quickly as possible to avoid an unnecessary penalty. Once you become a member, more information will be available in your Evidence of Coverage (EOC).

Call Medicare to see if you qualify for Extra Help.

If you have a limited income, you may be able to get Extra Help from Medicare. If you qualify, Medicare could pay up to 75% or more of your drug costs. Many people qualify and don't know it. There's no penalty for applying, and you can re-apply every year.

How your prescription DRUG COVERAGE WORKS

Prescription Drug Coverage

Your drug list covers thousands of brand name and generic prescription drugs. Review the plan drug list to make sure your prescription drugs are covered.

The price you pay for a covered drug will depend on two factors:

The drug cost tier for your drug.

Each covered drug is assigned to a tier. Generally, the lower the tier, the less you pay.

Tier	Cost	Description
Tier 1	Low	Includes most generic prescription drugs.
Tier 2		Includes many common brand name drugs and some higher-cost generic prescription drugs.
Tier 3		Includes non-preferred generic and non-preferred brand name drugs.
Tier 4 (Specialty)	High	Includes unique or very high-cost drugs.

Understanding Medicare drug payment stages.

Initial Coverage	Coverage Gap (Donut Hole)	Catastrophic Coverage

Total Drug Costs: The amount you pay (or others pay on your behalf) and the plan pays for prescription drugs starting January 2017. This does not include premiums.

Out-of-Pocket Costs: The amount you pay (or others pay on your behalf), including the deductible, for prescription drugs starting January 2017. This does not include premiums.

Drug lists may be organized in tiers. Some plans may have a deductible for certain drug tiers and not others.

Ways to **HELP YOU SAVE**

Find local pharmacies from our nationwide network with ease.

You'll find participating pharmacies located in popular retailers and local drugstores. Your pharmacist and UnitedHealthcare work with you to make sure you're taking the right prescriptions at the right times.

Pharmacy Saver.™

Pharmacy Saver is a cost-saving prescription drug program available to you as a plan member. UnitedHealthcare has worked with our network pharmacies to offer even lower prices on many common generic prescription drugs.¹

Best of all, Pharmacy Saver is easy. No additional enrollment is necessary. Simply take your qualifying prescription to a participating pharmacy, show your UnitedHealthcare member ID card, and they can help you switch.

The UnitedHealthcare Savings Promise

UnitedHealthcare is committed to keeping your costs down for prescription drugs. As a member of our Medicare Prescription Drug plans, you have our Savings Promise that you'll get the lowest price available. That low price may be your plan co-pay, the pharmacy's retail price or our contracted price with the pharmacy.

¹Drugs and prices may vary between pharmacies and are subject to change during the plan year. Prices are based on quantity filled at the pharmacy. Quantities may be limited by pharmacy based on their dispensing policy or by the plan based on Quantity Limit requirements; if prescription is in excess of a limit, co-pay amounts may be higher.

To see a listing of drugs available through Pharmacy Saver or to find a participating pharmacy, visit **[UnitedPharmacySaver.com](https://www.unitedpharmasaver.com)**.

More ways you could save **ON YOUR PRESCRIPTION DRUGS**

You could save money on prescription drugs with exclusive member pricing at pharmacies in your local grocery, drug and discount stores.

You could save on the medications you take regularly.

If you prefer the convenience of mail order, you could save time and money on your maintenance medications with our home delivery. You will have access to licensed pharmacists and, in addition, you can receive automatic refill reminders with OptumRx home delivery.

Get a 90-day¹ supply at retail pharmacies.

In addition to your home delivery pharmacy, most retail pharmacies offer 90-day supplies for some prescription drugs.

To find out if a retail pharmacy offers 90-day supplies, visit www.UHCRetiree.com to find pharmacies near you; or call customer service toll-free at **1-877-558-4749**, TTY **711**, 8 a.m. to 8 p.m., local time 7 days a week to request a printed directory. Look for the  symbol to see if a retail pharmacy offers 90-day supplies.

Ask your doctor about trial supplies.

A trial supply allows you to fill a prescription for less than 30 days. This way you can pay a reduced co-pay or co-insurance and make sure the medication works for you before getting a full month supply.

Explore lower cost options.

Each covered drug in your drug list is assigned to a drug cost tier. Generally, the lower the tier, the less you pay. If you're taking a higher-tier drug, you may want to talk to your doctor to see if there's a lower-tier drug you could take instead.

Have an annual medication review.

Make an appointment to have an annual medication review with your doctor, to make sure you are only taking the drugs you need.

¹Your employer group or plan sponsor may provide coverage beyond 90 days. Please refer to the Benefit Highlights or Summary of Benefits for more information.

Summary of Benefits

January 1, 2017 - December 31, 2017

We're dedicated to providing clear and simple information about your plan so you always stay fully informed. The following information is a breakdown of what we cover and what you pay. This is called "cost-sharing" or "out-of-pocket" costs. Cost-sharing includes co-pays, co-insurance and deductibles. This will help you control your drug costs throughout the plan year.

Keep in mind that this isn't a full list of benefits we provide, it's just an overview. To get a complete list, visit our website at www.UHCRetiree.com to see the "Evidence of Coverage" or call customer service with any questions.

About this plan.

UnitedHealthcare® MedicareRxSM for Groups (PDP) is a Medicare Prescription Drug Plan approved by Medicare.

What's inside?

Plan Premiums and Benefits

See plan costs including information about the monthly premium and plan deductible.

UnitedHealthcare® MedicareRxSM for Groups (PDP) has a network of pharmacies. If you use out-of-network pharmacies, the plan may not pay for these drugs or you may pay more than you pay at an in-network pharmacy.

You can search for a network pharmacy in the online directory at www.UHCRetiree.com.

Drug Coverage

Look to see what drugs are covered along with any restrictions in our plan formulary (list of Part D prescription drugs) found at www.UHCRetiree.com.

Annual Prescription Drug Deductible	This plan does not have a deductible.

Prescription Drugs

If the actual cost for a drug is less than the normal cost-sharing amount for that drug, you will pay the actual cost, not the higher cost-sharing amount.

Your plan sponsor has chosen to make supplemental drug coverage available to you. This coverage is in addition to your Part D prescription drug benefit. The drug co-pays in this section are for drugs that are covered by both your Part D prescription drug benefit and your supplemental drug coverage. Once you are enrolled in this plan, you will receive a separate document called the “Certificate of Coverage” with more information about this supplemental drug coverage.

If you reside in a long-term care facility, you will pay the same for a 31-day supply as a 30-day supply at a retail pharmacy.

Stage 1: Annual Prescription Deductible	Since you have no deductible, this payment stage doesn't apply.

Stage 4: Catastrophic Coverage	After your total out-of-pocket costs reach \$4,950, you will pay a \$0 co-pay.

Statements of UNDERSTANDING

By enrolling in this plan, I agree to the following:

UnitedHealthcare® MedicareRx for Groups (PDP) is a Medicare Prescription Drug plan and has a contract with the federal government.

This prescription drug coverage is in addition to my coverage under Medicare. I need to keep my Medicare Part A or Part B, and I must continue to pay my Medicare Part B premium if not paid for by Medicaid or a third party.

I can only be in one Prescription Drug Plan at a time.

- By enrolling in this plan, I will automatically be disenrolled from any other Medicare Part D Prescription Drug Plan.
- If I have prescription drug coverage or if I get it from somewhere other than this plan, I will inform UnitedHealthcare.
- Enrollment in this plan is generally for the entire plan year. I may leave this plan only at certain times of the year or under special conditions.

I may have to pay a late enrollment penalty for Medicare's prescription drug coverage.

This applies if I did not sign up for and maintain creditable prescription drug coverage when I first became eligible for Medicare, or if I leave this plan and don't have or get other prescription drug coverage. If I have a late enrollment penalty, I will get a letter making me aware of the penalty and what the next steps are.

UnitedHealthcare MedicareRx for Groups is available in all U.S. states and territories and the District of Columbia.

I understand that I must use network pharmacies except in an emergency when I cannot use the plan's network pharmacies.

I will get a Welcome Guide that includes an Evidence of Coverage (EOC).

- The EOC will have more information about the drug coverage offered by the plan, as well as the terms and conditions.
- I have the right to appeal plan decisions about payment or services if I disagree.

My information will be released to Medicare and other plans, only as necessary, for treatment, payment and health care operations.

Medicare may also release my information for research and other purposes that follow all applicable Federal statutes and regulations.

Plans are insured through UnitedHealthcare Insurance Company or one of its affiliated companies, a Medicare-approved Part D sponsor. Enrollment in the plan depends on the plan's contract renewal with Medicare.
